Zarkower, A. 402

SUBJECT INDEX

Abstracts of papers presented at the 32nd northeastern conference on avian diseases, Orono, Maine 542
Abstracts of papers presented at the 9th annual western poultry disease conference, Davis, California 303
Agglutination reaction with PPLO antigen, Non-specific plate (Boyer, Fabricant, Brown) Abstract 546
Arizona, Salmonella and, cultures of animal origin: 1958 (Moran) 73
Aspergillosis in fowl, Hatchery sanitation as a control measure for (Wright, Anderson, and Epps) 369
Aspergillosis in naturally infected cowbirds and grackles, Case report (Clark) 94
Avian Diseases—Official organ of American Association of Avian Pathologists Inc. (Levine) 96
Bleeding technique for small birds, A cardiac (O'Meara) 230
Bluecomb disease in turkeys, A bacterial agent causing, I. Isolation and preliminary laboratory investigations (Truscott, Connell, Ferguson, and Wills) 391
Candida albicans, Nutritional factors influencing, infection in chickens. I. Effect of vitamin A deficiency (Jeoffery and Kenzy) 138
CELO virus, A study in the epizootiology of the (Yates, Chang, Dardiri, Fry) 500
CELO virus, Tissue culture propagation and pathology of a Chomiak, Luginbuhl, and Helmboldt) Abstract 544
Chronic respiratory disease, Control of, II. The effect of low calcium diet, terephthalic acid, and chlortetracycline (Heishman, Olson, and Shelton) 413
Chronic respiratory disease, Control of III. Isolation of mycoplasma as influenced by potentiated chlortetracycline and time interval after exposure (Olson, Heishman, and Shelton) 419
Chronic respiratory disease, Transmission of, in chickens (Olesiuk and Van Roekel) 348
Condemnation losses, Action by poultry inspection to help reduce (DeCamp) Abstract 542
Dermanyssus gallinae, The differentiation of, from *Ornithonyssus sylviarum* (Weisbroth) 133
Eastern encephalitis in White Pekin ducklings on Long Island (Dougherty and Price) 247
Eastern encephalitis, Studies with, in White Pekin ducklings (Price and Dougherty) 444
Encephalitis, Studies on avian, IV Epizootiology (Calnek, Taylor, Sevoian) 325
Encephalomyelitis avian, Studies on III Immune response to beta-propiolactone inactivated virus (Calnek and Taylor) 116
Encephalomyelitis avian, The distribution of, in North America as indicated by an immunity test (Taylor and Schelling) 122
Encephalomyelitis avian (AEV), The in vitro neutralization test with (Hwang, Luginbuhl, and Helmboldt) 232
Encephalomyelitis avian virus (AEV), The *in vivo* and *in vitro* isolation of (Hwang, Luginbuhl, and Helmboldt) Abstract 545
Encephalomyelitis, Eastern viral, in chukar *(Alectoris graeca)* (Moulthrop and Gordy) 380
Fahey-Crawley virus, Properties of (Hanson, Filmer, Quiroz) 79
Fahey-Crawley virus, Studies on the (Subramanyam and Pomeroy) 165

Fowl cholera vaccine, Studies on pasteurellosis. IV. Killed, adsorbed on aluminum hydroxide (Heddleston and Reisinger) 429
Furazolidone, The use of, for Chukar partridges (Francis, Campbell, and Newton) 218
Hairworm intestinal *(Capillaria obsignata)* of poultry, Evaluation of current control measures recommended for the (Payne, Gerry and Witter) Abstract 546
Histamine, The pathology of chicks fed (Shifrine, Adler, Ousterhout) 12
Histocytic sarcomas, An epizootic of, in chickens induced by a cell-free agent (Perek) 85
Infectious bronchitis avian in Hawaii, Case report (Raggi, Lee, and Willers) 196
Infectious bronchitis virus, A variant type of, in a commercial vaccine (Raggi) 312
Keratoconjunctivitis, Failure of chlorinated naphalenes to produce, in turkeys (Barnett and Bierer) 38
Laryngotracheitis of chickens, Studies on parental immunity to infectious (Benton, Cover and Krauss) 491
Laryngotracheitis, Revaccination procedures for infectious (Hitchner and Winterfield) 291
Laryngotracheitis virus, Conjunctivitis of chickens caused by a typical infectious (Raggi and Armstrong) 272
Laryngotracheitis virus, Some observations of the propagation of infectious, in tissue culture (Chang, Yates, Dardiri, and Fry) 384
Laryngotracheitis virus studies, Tissue culture and chicken embryo techniques for infectious, (Chomiak, Luginbuhl, Helmboldt) 235
Laryngotracheitis vaccination, The effect of parental immunity and age on the response to infectious, (Cover, Benton, and Krauss) 467
Mortality in White Leghorn females on a farm in southern Alberta (Darcel, Niilo, Langford, Connel, and Beauregard) 258
Mycoplasma, Antibiotic resistance and mutation rates of (Domermuth) 456
Mycoplasma, Cultivation of, of avian origin (Adler and Berg) 3
Mycoplasma gallisepticum, A sensitive whole blood test for (Aftosmis, Tourtellotte, Jacobs) 485
Mycoplasma, Survival of, in broth and semi-solid media (Gentry) 436
Newcastle disease, A rapid macroscopic plate agglutination test for, A preliminary report, Research note (Raggi) 320
Newcastle disease: preliminary field tests of Beta-propiolactone-killed vaccine (Gill and Stone) Abstract 543
Newcastle disease virus, Response of birds to one intranasal vaccination with B-1 strain of (Raggi and Lee) 187
Newcastle disease virus, The immunological antigenicity of heat inactivated viruses I. (Dutcher, Read, Litsky) 205
Nomenclature and reporting of diseases northeastern conference on avian diseases June 1960, Report of the committee on (Angstrom, Chute, Cover, Snoeyenbos) Abstract 549
Ornithosis, An outbreak of, in New Mexico, Case report (Francis) 310
Pasteurella infections in chickens, Atypical (Clark and Godfrey) 280
Plasma enzyme levels in chickens, a measure of drug induced pathology (Zarkower and Chute) 402
Pleuropneumonia-like organisms (PPLO), Isolation and serologic typing of avian (Tourtellotte, Aftosmis, Bacon, and Luginbuhl) Abstract 545
Pleuropneumonia-like organisms (PPLO), Serological studies of avian, with Edward's technique (Fabricant) 505

Pox and infectious laryngotracheitis, A quick method for the diagnosis of avian (Sevoian) 474
Pox in the mourning dove in Maryland, Case report (Locke, Herman, King) 198
Pullorum disease, Hatchery spread of, through debeaking (Jacobs, Frazier, Tourtellote) 109
Pullorum disease testing results for the 32nd northeastern conference on avian diseases, Report on the (Van Roekel) Abstract 547
Salmonella pullorum, The effect of furazolidone on, and agglutination titers in chickens (Henderson, Morehouse, and Cross) .. 223
Salmonella pullorum, The effects of furazolidone on chicken, carriers (Richey and Morgan) 48
S. pullorum, Effect of furazolidone medications upon the infectivity of, in experimentally inoculated chickens (Smyser and Van Roekel) Abstract 544
Salmonella pullorum, Treatment of a natural infection of, in day-old chicks with furazolidone (Francis) 63
Salmonella serotypes, The relative pathogenicity of some, for chicks (Henderson, Ostendorf, Morehouse) 103
Salmonella typhimurium, Nitrofuran medication for experimental, infection in poults (Bierer and Vickers) 22
Sinusitis infectious of turkeys, Treatment of experimental, with erythromycin (Barnes, Ose, Gossett) 176
Synovitis, Aureomycin chlortetracycline as a preventive for experimental, in chickens (Skamser and Seeger) 42
Synovitis in fowls, Pleuropneumonia-like organisms associated with, (Chalquest and Fabricant) 515
Synovitis, The cultivation and modification of the avian infectious, agent in tissue culture (Wichmann, Bankowski, and Da Massa) 152
Ulcerative enteritis, Further studies on the causative organism of (Peckham) 449
Vesicular dermatitis in fowl, Ingestion of *Ammi visnaga* seeds and photosensitization—the cause of (Trenchi) 275
Virus hepatitis of turkeys, Further studies of, (Snoeyenbos and Basch) 477
